**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need competition and a fair marketplace. Don't change that for a winner take all which is detrimental for consumer and society alike.

We can't afford to pay more for internet service which is critical to function in today's society. It is important to maintain competitively priced access to phone and internet service.

Thank you in advance for keeping competition alive. It's the american way.
